

aaronatherapy
care for the body & mind

FAQ Page

1. **Why organic?** aaronatherapy products are created from 100% certified organic oils, herbs and plants. We use only organic so that you can experience the purest form and true essence of the plant. Only 100% certified organic can insure an unadulterated product that was not produced with chemicals, pesticides, herbicides or genetically modified.
2. **Why glass packaging?** Recent studies indicate that plastic, including certain PET types, leach carcinogens into products stored in them. While most of us use plastic food storage containers for overnight or a day or two, long term storage has been shown to be a health hazard. Further, glass is the only true non-reactive storage container meaning that it will not compromise the integrity of the oils used in aaronatherapy products. And of course, it can be recycled. As a side note, we use amber colored glass for the body oils as it helps to preserve the essential oils which can become compromised with UV exposure.
3. **What is the shelf life of the products?** The Bath salts can be stored for up to a year with the understanding that the scent will decrease over time. The scrubs should be used within 3-4 months, as there are no preservatives. The body/massage oils can be stored in a cool, dark location for up to 6 months. Again, keep in mind that there are no preservatives used in aaronatherapy products and they are designed and packaged for immediate use.
4. **Can you create a custom blend?** Absolutely! We will create a magnificent, customized product for your use. Just let us know.
5. **Are there any concerns in using these oils?** As with any product, common sense is the most important tool when it comes to use. For instance, some herbs and oils are not recommended if you are pregnant or nursing. If any skin irritation does occur, discontinue use immediately. The oils chosen for use in our products are known to be safe and have little to no known reaction. We decrease the chance of adverse reaction with the use of 100% organic ingredients.
6. **Can you explain some of the benefits of certain oils?** On the following pages are pictures, descriptions and benefits of most of the ingredients we use.

We welcome your questions and feedback. Please feel free to send your comments and questions to: info@aaronatherapy.com

Thank you,

Aarona
